

Children's Church Goals

Give the children a Biblical foundation to become Christians, and live for God.

Be sure that children know what the Bible says we must do to be saved.

Be sure children understand what God's Law is for, and how to use it that way.

Be sure children understand there are things we are to do that can't save us.

Be sure children understand that the worldview is not normally Biblical, and why.

Pat and I are quiet blessed to have the opportunity to work with the children God sends our way.

Of course our prayer would be to see each of these children in Heaven someday.

We want the children to understand that the Bible is the standard we use to decide right from wrong.

Our prayer is that we will never stray from God's Word when teaching them Truth to live by.

We want the children to understand that old has little to do with age, but everything to do with when you die, which could be today.
